UNIVERSITY OF CONNECTICUT STUDENT ACCIDENT AND SICKNESS INSURANCE PLAN

This is a brief description of the Accident and Sickness Medical Expense benefits available for University of Connecticut students and their eligible dependents. The plan is underwritten by Aetna Life Insurance Company (called Aetna). The exact provisions governing this insurance are contained in the Master Policy issued to the University and may be viewed at the University's Health Services during business hours.

STUDENT COVERAGE

ELIGIBILITY

All full-time undergraduate (12 or more credits) and graduate (9 or more credits) students are required to be covered under the University of Connecticut Accident and Sickness Plan, unless they have demonstrated through the completion of an online Waiver, that they are covered under a health insurance policy providing equal or better benefits than the insurance program offered by the University of Connecticut.

Home study, correspondence, Internet classes, and television (TV) courses, do not fulfill the eligibility requirement that the student actively attend classes. If it is discovered that this eligibility requirement has not been met, our only obligation is to refund premium, less any claims paid.

Exception: A Covered Person entering the armed forces of any country will not be covered under the Policy as of the date of such entry. A pro-rata refund of premium will be made for such person, and any covered dependents, upon written request received by Aetna within 90 days of withdrawal from school.

Waiver submissions may be audited by the University of Connecticut, Aetna Student Health, and/or their contractors or representatives. You may be required to provide, upon request, any coverage documents and/or other records demonstrating that you meet the school's requirements for waiving the Student Health Insurance Plan. By submitting the waiver request, you agree that your current insurance plan may be contacted for confirmation that your coverage is in force for the applicable policy year and that it meets the school's waiver requirements.

WAIVER PROCESS/PROCEDURE

Eligible full-time students will automatically be enrolled in this plan, unless an online Waiver application has been received by the University of Connecticut by the specified deadline dates listed below. **Note:** The following programs are excluded from automatic enrollment but are eligible to enroll voluntarily if registered for 6 or more credits, by contacting the Insurance Coordinators office at **(860) 486-4535**.

PREMIUM REFUND POLICY

If you withdraw from school within the first 31 days of a coverage period, you will not be covered under the Policy and the full premium will be refunded, less any claims paid. After 31 days, you will be covered for the full period that you have paid the premium for, and no refund will be allowed. (This refund policy will not apply if you withdraw due to a covered Accident or Sickness.)

Exception: A Covered Person entering the armed forces of any country will not be covered under the Policy as of the date of such entry. In this case, a pro-rata refund of premium will be made for any such person and any covered dependents upon written request received by Aetna Student Health within 90 days of withdrawal from school.

DEPENDENT COVERAGE

ELIGIBILITY

Covered students may enroll their lawful spouse, dependent child or civil union partner. Coverage for a dependent child shall terminate at the policy anniversary date after the child (1) marries, or (2) attains the age of 26, providing the dependent child is a resident of the state. However, the residency requirement does not apply to full-time students attending an out-of-state school of higher education or dependents residing out of state with a custodial parent. Dependent coverage is not required, but if covered then these requirements must be followed.

ENROLLMENT

To enroll the dependent(s) of a covered student, please complete the Enrollment Form and return it to Bailey Agencies, Inc., 84 Plaza Court, Groton, CT 06340 together with your check, money order, or Master Card/Visa card payment. The Fall enrollment deadline is **September 15, 2009**. Dependent enrollment applications will not be accepted after **September 15, 2009**, unless there is a significant life change that directly affects their insurance coverage. (An example of a significant life change would be loss of health coverage, under another health plan.) **The Spring enrollment deadline is February 5, 2010**. The completed Enrollment Application, and premium, must be sent to Bailey Agencies, Inc., 84 Plaza Court, Groton, CT 06340.

NEWBORN INFANT AND ADOPTED CHILD COVERAGE

A child born to a Covered Person shall be covered for Accident, Sickness, and congenital defects, for 31 days from the date of birth. At the end of this 31-day period, coverage will cease under the University of Connecticut Student Health Insurance Plan. To extend coverage for a newborn past the 31 days, the Covered Student must: 1) enroll the child within 31 days of birth, and 2) pay the additional premium, starting from the date of birth.

Coverage is provided for a child legally placed for adoption with a Covered Student for 31 days from the moment of placement provided the child lives in the household of the Covered Student, and is dependent upon the Covered Student for support. To extend coverage for an adopted child past the 31 days, the Covered Student must 1) enroll the child within 31 days of placement of such child, and 2) pay any additional premium, if necessary, starting from the date of placement.

REFERRAL REQUIREMENTS

STORRS CAMPUS ONLY:

Students’ health care needs can best be satisfied when an organized system of health care providers at University of Connecticut Health Services manages the treatment. If you do not obtain a referral from the student health center, your benefits will be payable at the Non-Preferred rate. This plan requires that students obtain a referral from Health Services when it is available for:

- Outpatient Sickness
- Outpatient Surgery

If the onset of your sickness is while Health Services is open and you are within 20 miles of the University Storrs Campus, you must secure a referral, otherwise you will be subject to a \$500 penalty per condition. Dependents are not eligible to use the services of the University Health Services and are therefore not subject to the referral requirements and penalties.

NOTE: The use of Student Health Services is limited to those students who have paid the Storrs Campus General University Fee (GUF). Students enrolled in programs that do not require payment of the Storrs GUF should seek community-based health services and therefore do not require a referral.

PRE-CERTIFICATION PROGRAM

Pre-certification simply means calling Aetna Student Health prior to treatment to obtain approval for a medical procedure or service. Pre-certification may be done by you, your doctor, a hospital administrator, or one of your relatives. All requests for certification must be obtained by contacting Aetna Student Health at (888) 834-4693 (attention Managed Care Department).

- **If you do not secure pre-certification** for non emergency Inpatient admissions, or provide notification for emergency admissions, your Covered Medical Expenses will be subject to a **\$200 penalty**.
- **If you do not secure pre-certification** for partial hospitalizations, outpatient treatment of mental and nervous disorders and substance abuse, or home health care services, your Covered Medical Expenses will be subject to a **\$200 penalty**.

The following Inpatient and outpatient services or supplies require pre-certification:

- All Inpatient admissions, including length of stay, to a hospital, convalescent facility, skilled nursing facility, a facility established primarily for the treatment of substance abuse, or a residential treatment facility.
- All Inpatient maternity care, after the initial 48/96 hours.
- All partial hospitalization in a hospital, residential treatment facility, or facility established primarily for the treatment of substance abuse.

Pre-Certification does not guarantee the payment of benefits for your Inpatient admission. Each claim is subject to medical policy review, in accordance with the exclusions and limitations contained in the Policy, as well as a review of eligibility, adherence to notification guidelines, and benefit coverage under the student Accident and Sickness Plan.

Pre-Certification of Non-Emergency Inpatient Admissions, Partial Hospitalization, Identified Outpatient Services and Home Health Services:

The patient, Physician or hospital must telephone at least **three (3) business days** prior to the planned admission or prior to the date the services are scheduled to begin.

Notification of Emergency Admissions:

The patient, patient's representative, Physician or hospital must telephone within **one (1) business day** following Inpatient (or partial hospitalization) admission.

GENERAL PROVISIONS

STATE MANDATED BENEFITS

The Plan will pay benefits in accordance with any applicable Connecticut State Insurance Law(s).

SUBROGATION/REIMBURSEMENT RIGHT OF RECOVERY PROVISION

Immediately upon paying or providing any benefit under this Plan, Aetna shall be subrogated to all rights of recovery a Covered Person has against any party potentially responsible for making any payment to a Covered Person, due to a Covered Person's Injuries or illness, to the full extent of benefits provided, or to be provided by Aetna. In addition, if a Covered Person receives any payment from any potentially responsible party, as a result of an Injury or illness, Aetna has the right to recover from, and be reimbursed by the Covered Person for all amounts this Plan has paid, and will pay as a result of that Injury or illness, up to and including the full amount the Covered Person receives, from all potentially responsible parties. A "Covered Person" includes for the purposes of this provision, anyone on whose behalf this Plan pays or provides any benefit, including but not limited to the minor child or Dependent of any Covered Person, entitled to receive any benefits from this Plan.

As used in this provision, the term "responsible party" means any party possibly responsible for making any payment to a Covered Person or on a Covered Person's behalf due to a Covered Person's injuries or illness or any insurance coverage responsible making such payment, including but not limited to:

- Uninsured motorist coverage,
- Underinsured motorist coverage,
- Personal umbrella coverage,
- Med-pay coverage,
- Workers compensation coverage,
- No-fault automobile insurance coverage, or
- Any other first party insurance coverage.

The Covered Person shall do nothing to prejudice Aetna's subrogation and reimbursement rights. The Covered Person shall, when requested, fully cooperate with Aetna's efforts to recover its benefits paid. It is the duty of the Covered Person to notify Aetna within 45 days of the date when any notice is given to any party, including an attorney, of the intention to pursue or investigate a claim, to recover damages, due to injuries sustained by the Covered Person.

The Covered Person acknowledges that this Plan's subrogation and reimbursement rights are a first priority claim against all potential responsible parties, and are to be paid to Aetna before any other claim for the Covered Person's damages. This Plan shall be entitled to full reimbursement first from any potential responsible party payments, even if such payment to the Plan will result in a recovery to the Covered Person, which is insufficient to make the Covered Person whole, or to compensate the Covered Person in part or in whole for the damages sustained. This Plan is not required to participate in or pay attorney fees to the attorney hired by the Covered Person to pursue the Covered Person's damage claim. In addition, this Plan shall be responsible for the payment of attorney fees for any attorney hired or retained by this Plan. The Covered Person shall be responsible for the payment of all attorney fees for any attorney hired or retained by the Covered Person or for the benefit of the Covered Person.

The terms of this entire subrogation and reimbursement provision shall apply. This Plan is entitled to full recovery regardless of whether any liability for payment is admitted by any potentially responsible party, and regardless of whether the settlement or judgment received by the Covered Person identifies the medical benefits this Plan provided. This Plan is entitled to recover from any and all settlements or judgments, even those designated as "pain and suffering" or "non-economic damages" only.

In the event any claim is made that any part of this subrogation and reimbursement provision is ambiguous or questions arise concerning the meaning or intent of any of its terms, the Covered Person and this Plan agree that Aetna shall have the sole authority and discretion to resolve all disputes regarding the interpretation of this provision.

NON-DUPLICATION OF BENEFITS

This provision applies if a **covered student**:

- (a) is covered by any other group or blanket health care plan, and
- (b) would, as a result, receive medical expense or service benefits in excess of the actual expenses incurred.

In this case, the medical expense benefits Aetna will pay will be reduced by such excess. This provision will not apply if any portion of the premium for this plan is paid for by the **covered student** or parent.

MULTIPLE COVERAGE UNDER THE POLICY

If a Covered Person is covered under the Policy, both as a covered student and a covered dependent, or as a covered dependent of two covered students, the following will apply:

- The Covered Person's coverage in each capacity under the Policy will be set up as a separate "Plan."
- The order in which various plans will pay benefits will apply to the "Plans" set up above and to all other plans.
- This provision will not apply more than once to figure the total benefits payable to the person for each claim under the Policy.

EXTENSION OF BENEFITS

Covered students and dependents that do not re-enroll for coverage after his or her insurance terminates, are covered for any condition which first manifested itself during the period for which he or she was previously insured during the Policy Year. Expenses incurred after the termination date, shall be payable in accordance with the Policy, but only while they are incurred during the 30-day period, following such termination of insurance.

If Basic Sickness Expense, Supplemental Sickness Expense or Major Medical Expense coverage for a **Covered Person** ends while he or she is **totally disabled**, benefits will continue to be available for expenses incurred for that person only while the **Covered Person** continues to be **totally disabled**. Benefits will end at the earliest to occur of:

- the date the **Covered Person** is no longer totally disabled; or
- the date any maximum benefit is reached.

If a **Covered Person** is confined to a **hospital** or under treatment for a covered condition on the date his or her Basic Sickness Expense or Supplemental Sickness Expense coverage terminates, charges incurred during the continuation of that **hospital confinement** or for that treatment of the covered condition shall also be included in the term "Expense"; but only while they are incurred during the 31 day period following such termination of insurance.

TERMINATION OF INSURANCE

Benefits are payable under this policy only for those Covered Expenses incurred while the policy is in effect as to the Covered Person. No benefits are payable for expenses incurred after the date the insurance terminates, except as may be provided under the Extension of Benefits provision.

TERMINATION OF STUDENT COVERAGE

Insurance for a **covered student** will end on the first of these to occur:

- (a) the date this Policy terminates,
- (b) the last day for which any required premium has been paid,
- (c) the date on which the **covered student** withdraws from the school because of entering the armed forces of any country. Premiums will be refunded on a pro-rata basis when application is made within 90 days from withdrawal.

If withdrawal from school is for other than entering the armed forces, no premium refund will be made. Students will be covered for the Policy term for which they are enrolled, and for which premium has been paid.

TERMINATION OF DEPENDENT COVERAGE

Insurance for a **covered student's dependent** will end when insurance for the **covered student** ends. Before then, coverage will end:

- (a) For a child, on the first premium due date following the first to occur of:
 - (1) the date the child is no longer chiefly dependent upon the student for support and maintenance,
 - (2) the date of the child's marriage, or

- (3) the child's 26th birthday.
- (b) The date the **covered student** fails to pay any required premium.
- (c) For the spouse or party to a Civil Union, the date the marriage ends in divorce or annulment or the date Civil Union ends.
- (d) The date **dependent** coverage is deleted from this Policy.
- (e) For a domestic partner, the earlier to occur of:
 - 1) the date this Policy no longer allows coverage for domestic partners, and
 - 2) the date of termination of the domestic partnership. In that event, a completed and signed declaration of Termination of Domestic Partnership must be provided to the Policyholder.
- (f) The date the **dependent** ceases to be in an eligible class.

Termination will not prejudice any claim for a charge that is incurred prior to the date coverage ends.

CONTINUATION OF COVERAGE FOR MENTALLY OR PHYSICALLY HANDICAPPED CHILDREN
Coverage will continue for a mentally or physically handicapped child if the child is (1) incapable of self-sustaining employment by reason of mental or physical handicap, as certified by the child's physician on a form provided by the insurer, hospital or medical service corporation or health care center, and (2) chiefly dependent upon the policyholder or subscriber for support and maintenance.

However, this exclusion will not apply with respect to services or supplies (other than drugs) received in connection with a disease, if Aetna determines that:

- The disease can be expected to cause death within one year, in the absence of effective treatment, and
- The care or treatment is effective for that disease, or shows promise of being effective for that disease, as demonstrated by scientific data. In making this determination, Aetna will take into account the results of a review by a panel of independent medical professionals. They will be selected by Aetna. This panel will include professionals who treat the type of disease involved.

Also, this exclusion will not apply with respect to drugs that:

- Have been granted treatment investigational new drug (IND), or Group c/treatment IND status, or
- Are being studied at the Phase III level in a national clinical trial, sponsored by the National Cancer Institute.
